

Hibiclens Soap

- Carefully Read all directions and precautions on the Hibiclens product label.
- Hibiclens IS NOT to be used on the head or face, keep out of eyes, ears and mouth.
- Hibiclens IS NOT to be used in the genital area.
- Hibiclens should NOT be used if you are allergic to Chlorhexidine Gluconate or any other ingredients in this preparation.
- Hibiclens should be used 3X before surgery: 2 days prior to surgery, the day before surgery and the morning of surgery.

When you bathe or shower:

1. If you plan to wash your hair, do so with your regular shampoo. Rinse hair and body to remove any shampoo residue.
2. Wash your face and body as usual.
3. Thoroughly rinse your body from the neck down with warm water, step out of the water stream.
4. Apply the minimum amount of Hibiclens necessary to cover your skin.
5. Use Hibiclens as you would any other liquid soap. You can apply Hibiclens directly to the skin and wash gently.
6. Leave on skin for 3 minutes.
7. Rinse thoroughly with warm water.
8. Do not apply lotion or anything else to your skin after using Hibiclens.
